Teachers ~ Cut out the above *Student Directions* and place with your center game folder, envelope or baggie.

😊 **Enjoy!** 😊

Directions for a Variety of Various Student Led Center Games

Glue the cover sheet onto a large manila envelope and place one page inside as a "board game" and cut the other page into separate cards. Place the student directions inside or glue onto the back of the envelope. Laminate entire thing if desired.

One way to play this center game is to have the students match the cards to the board game.

Tape the cover sheet inside a gallon Zip Lock baggie. Place one page inside as a "board game" and cut the other page into separate cards. Place the student directions inside. Laminate cards and board if desired.

Print the cover sheet onto a preprinted, colorful piece of paper and then glue it on top of a file folder. Staple or glue the sides together. Cut both pages of the cards and store them inside the folder. Place the student directions inside or glue onto the back of the folder.

Glue the cover sheet onto a student pocket-only folder. Place one page inside as a "board game" and cut the other page into separate cards. Place the student directions inside or glue onto the back of the folder. Laminate entire thing if desired.

Another way to play with the center game is to cut both pages of the game apart and use it like Match Game, matching the two pieces together.

By placing different stickers on the back of the center game cards, students can even use it to self-check to see if they are correct!

Close up of the back of two cards that are correctly matched.

I hope you and your students enjoy my games. Feel free to contact me if you have any questions or suggestions about my center games.

Sincerely,
Fern Smith
