Use this set of high-frequency word cards for multileveled practice in making and reading sentences.

Teacher preparation for both activities:

Print, cut, and laminate the word cards. They will print clearly in grayscale, but printing in color will give your students additional clues about placement in the sentence: green (start) , white, then red (stop).

Level 1: Students will use the task card as a model to construct 5 sentences. They will then choose one of the sentences to copy and illustrate.

Level 2: Students will use the cards to construct their own sentences about soccer. On the provided response form, they will write the sentences they make and mark the longest sentence with a star.

Can

Do

We

I

like

me

soccer

play

you

to

will

the

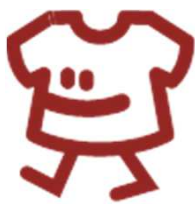

ball

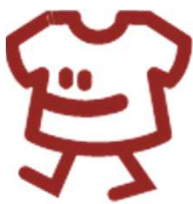

with

kick

.

?

!

Use the soccer word cards to make a sentence. Read the sentence. Now take the cards apart. Make the next sentence. Do all 5 sentences.

1. I like to play soccer.
2. Can you play soccer?
3. We like to kick the ball.
4. We like to play with you !
5. I will play soccer with you.

On another paper, copy and illustrate your favorite sentence.

Name _____ Date _____

Soccer Sentences

Use the word cards to make a sentence about soccer.
Write the sentence on this paper. Now take the cards
apart and make a new sentence. How many new sentences
can you make and write?

1. _____

2. _____

3. _____

4. _____

5. _____

Can you make more sentences? Write them on the back!

Put a  in front of your longest sentence!
