

# Football Geography

Name \_\_\_\_\_ Date \_\_\_\_\_ Hour \_\_\_\_\_

**Directions:** Answer the football geography questions below. You will need an atlas (map), crayons or colored pencils, and a pencil.

1. What two football teams are playing one another (include their nicknames)?

\_\_\_\_\_ versus \_\_\_\_\_

2. What is the capital of the state in which the first team plays in? \_\_\_\_\_  
On the map above, place a star where the city is located and label it.

3. What is the capital of the second team? \_\_\_\_\_  
On the map above, place a star where the city is located and label it.

4. List three cities in your first team's state. Locate and label them on the map. **Note:** You may have to draw arrows to the cities and then label the arrows.

\_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

-  5. List three cities in the second team's state. Locate and label them on the map. **Note:** You may have to draw arrows to the cities and then label the arrows.

\_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

-  6. Name two rivers or lakes that are located in the first team's state. Label them and trace their routes in blue.

\_\_\_\_\_, \_\_\_\_\_

-  7. Name two rivers or lakes that are located in the second team's state. Label them and trace their routes in blue.

\_\_\_\_\_, \_\_\_\_\_

-  8. Draw a line between the two cities. List the states you would travel through to get from one to the other? Label the states on the map.

-  9. What are the capitals of those states? List them below and then label them on the map.

## For Some Extra Geography Fun

You will be traveling to the game and will leave from your home town to watch. The only catch is that you will be traveling "as a crow flies" (which means straight). You will not follow any of the highways and roads. You must invent a new vehicle that would travel across whatever you may encounter (trees, mountains, rivers, lakes, etc.). **Below are some things to think about:**

1. Are there any physical features (mountains, canyons, deserts, lakes, rivers) that will you will go over or through? List them below.
2. What will be the **special features** of your vehicle to effectively withstand these climates?
3. On another sheet of paper, draw your vehicle and explain some of the features of your vehicle.
